Original Product -- Type Certificate Number :

H11N

Make :

Aerospatiale

Model :

SA316B, SA316C and SA319B

Description of Type Design Change:

Installation of Tail Rotor Floodlight in accordance with DeVore Top Drawing 31600001, Revision A, dated August 22, 1978, or later FAA approved revisions.

Limitations and Conditions:

The approval of this change in type design applies to the Aerospatiale SA316B, SA316C and SA319B aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. This determination should include consideration of significant change in weight distribution such as an increase in the fixed disposable weight in the fuselage.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
