Warranty Statement

We warranty each new Tel-Tail Vertical Tail Floodlight Kit or parts thereof manufactured by DeVore Aviation Corporation of America to be free of defects in material or workmanship under normal use, conditions and service. Our obligation under this warranty is limited to correcting at our factory by repair or replacement any part or parts which our examination shall disclose to our satisfaction to have been thus defective within twelve months after the original date of installation or 500 hours of operation (whichever comes first). Parts will be returned to us with transportation charges prepaid. This warranty is expressly in lieu of all other warranties, expressed or implied and all other obligations or liabilities on our part. We neither assume nor authorize any other person to assume for us any responsibility in connection with the sale of our products. This warranty will not apply to any Tel-Tail light installation or parts thereof which were not installed in accordance with the FAA approved DeVore Aviation corporation drawings or which have been repaired or altered outside of our factory in any way or which have been subject to misuse, neglect or accident. We make no warranty whatsoever neither with respect to any aircraft on which our lights are mounted nor to any part or trade accessories connected therewith inasmuch as they are warranted separately by their respective manufacturers.
